SUMMARY

A proven Software Engineer with expertise in MERN, and DevOps. Known for optimizing project outcomes. Actively seeking a challenging role to leverage technical skills, contribute to engineering excellence, and drive success in a progressive organization.

WORK EXPERIENCE

DevOps - Intern, Applus Idiada

Feb 2024 - Present

- Ensured a multi-node cluster setup for high availability and used a Load Balancer for efficient traffic distribution.
 - Achieved an improvement in the application's scalability to handle more than 10,000 concurrent users.
 - Implemented a comprehensive logging and monitoring system to track application performance in real-time and facilitate quicker troubleshooting.
 - Automate the testing and deployment process, reducing the time to market for new features.
-

PROJECTS

Modern Library-Management App (MERN STACK)

Jun 2023 - Aug 2023

- Devised an organized and efficient book catalog, facilitating streamlined management and quick access.
 - Implemented a comprehensive search functionality for books by title and author and enhancing accessibility.
 - Developed an intuitive book request system equipped with real-time tracking, increasing transparency.
-

EDUCATION

Bachelor of Technology in Computer Science and Engineering

2020 - 2024

Vellore Institute of Technology

SKILLS

- **Frontend:** HTML, CSS, JavaScript, React JS, Bootstrap, Tailwind CSS
